SUGAR BEET INDUSTRY IN NEVADA

The average citizen of Nevada smiles when the subject is broached that some day Nevada will cease to be a mining state and its valleys and hills will be the home of the tiller of the soil. Yet such is to be the fact. While for years our mines will be the foremost of any section still the day is coming when the last hope will be filled and the timbers will be rotting and crumbling away. When that day comes we hope that the foresight of the people of today will have won its reward and Nevada will never miss the one-time famous mines.

The Churchill County Eagle of a few days ago published the following editorial which covers one of the great questions of future state development. The sugar-beet industry of Nevada is one of its greatest assets and should be nourished in all ways.

A bill has been introduced in the Nevada legislature providing for the payment of a bounty of five-eighths of a cent per pound on all sugar

NOTICE OF FORFEITURE.

To W. V. Richardson and N. E. Otterson, your heirs and assigns:

You and each of you are hereby notified that the undersigned has expended in labor and improvements \$400 during the year 1908, \$400 during the year 1909, and \$400 during the year 1910, on the following named quartz claims: The Combination, the Combination No. 1, the Combination No. 2 and the Gray Eagle, in Morey Mt. Unorganized Mining District, Nye county, state of Nevada, under the provisions of Section 2324 of the Revised Statutes of the United States of America, and January 22, 1880, concerning annual labor on mining claims. The location certificates of the above claims are duly recorded in the county recorder's office of Nye county, state of Nevada. Said expenditure was the amount necessary to hold said mining claims during the aforesaid years. And if within 90 days from the date of the first publication of this notice you, W. V. Richardson, \$95.83 for the year 1910, and N. E. Otterson, \$37.50 for the year 1908, 1909 and 1910, for your proportionate share in the Combination, the Combination No. 1 and Combination No. 2, fail or refuse to contribute your portion of such expenditure as co-owners, which amount \$400, together with the cost of this advertisement your interests in said claims will become the property of the subscriber, your co-owner, who has made the expenditure and improvements as above mentioned.

Dated at Tonopah, Nevada, this 24th day of February, 1911.

JAS. A. HILLYER,

McGill, Nevada.

First pub. February 24, 1911.

Last pub. May 26, 1911.

manufactured in the state from Nevada grown beets.

In 1888 Michigan passed a law giving a bounty of one cent per pound on sugar manufactured within the state from Michigan grown beets. Minnesota did the same and it was continued in both states for several years. In Michigan the stumpage land that was selling at 25 cents an acre before beet industry was developed is now worth \$200 an acre. That is what the beet business has done for Michigan.

In 1887 Kansas placed a bounty of two cents a pound on all sugar manufactured from sorghum in order to encourage the production of a necessary article for home consumption.

The proposed bounty in Nevada is not only to encourage the building of beet sugar factories, but the raising of beets as well, for part of the bounty goes to the farmer who raises the beets. While the first factory in the state is being built in Churchill county, yet this is not a local measure, but rather one that is state-wide, for other factories would no doubt be established in different valleys of the Sagebrush state. The shipping out of the enormous product of a single factory will bring into the state an immense sum of money to be distributed among our people in all walks of life. The valuation of much property will be doubled and trebled and the increase in taxable property alone ought to far more than reimburse the state treasury for the sum paid in bounties, besides bringing in a steady revenue from year to year. Therefore, it is not a donation from the state by a wise step for the development of our natural resources that will repay the state tenfold.

BILL PASSES TO PROTECT GAME AND FISH IN NEVADA

In the senate, bill No. 68, introduced by Senator Mills, for the protection and preservation of the fish in the streams and lakes of this section, was passed. The new law makes a number of changes in the old law and will be of interest to the Waltonians of Nevada. The main idea of the bill is to further protect the fish and prevent the unlawful catching of them. To close the season when the fish are spawning. Last season on the Truckee river tons of fish were taken from that stream at the time when they were heavy with spawn. The bill aims to prevent a repetition of this use-

less waste of fish life that in the end more people can enjoy fishing legally and honestly. An amendment was proposed, opening the Truckee river at the time the fish were running up stream to spawn. The amendment was lost, as it should have been. The Truckee river is a great fish stream but there are other streams in Nevada that need as much consideration and protection, which the new law provides for.

The bill provides for a closed season between the 16th of October and the 30th day of April. In other words the season for fishing is from the first of May until the 15th day of October, giving the angler a chance at the streams with rod and line at the time when the streams are at their best. The dates are set for the protection of the fish and not the benefit of the angler, who would take fish heavy with eggs.

The law prevents the trapping, grabbing and other unsportsmanlike methods. Not more than ten pounds of fish may be taken in one day by an angler, provided that nothing in the act shall prevent the taking of ten trout or salmon in one day by the angler.

AMERICAN FORTUNES.

One by one the great interests owned or controlled by Jay Gould, father of George Gould, have passed out of the hands of the Gould family.

William H. Vanderbilt's fortune, \$200,000,000, has been split up among many descendants.

The fortune of E. H. Harriman, about \$150,000,000, is now practically intact in the hands of his widow.

Notice of Restoration of Public

Lands to Settlement and Entry. Department of the Interior, General Land Office, Washington, D. C., February 8, 1911. Notice is hereby given that the public lands in the following described areas, which were excluded from the Toiyabe National Forest, Nevada, by proclamation of the President on December 10, 1910, if not otherwise withdrawn or reserved, will by authority of the Secretary of the Interior be restored to the public domain on April 15, 1911, and become subject to settlement on and after that date, but not to entry, filing, or selection until on and after May 15, 1911, under the usual restrictions, at the United States Land Office at Carson City, Nevada: In T. 10 N., R. 37 E., Secs. 2 to 6, inclusive, S. 9, 10, 11, 14, 15 and 16; in T. 11 N., R. 37 E., E. 1/2 Sec. 14 and N.
